

Auto Pilot™ is a show pig supplement formulated to enhance rib and center body dimension as well as helping manage weight for targeted shows.

This highly palatable product with its natural fiber sources is one of the most unique products available for show pig enthusiasts today. Auto Pilot™ is nutritionally formulated to maximize your pigs show ring look and aid in digestive tract health.

Product Advantages

- Enhance rib shape and center body dimension
- Improve animal disposition in times of limited feed intake
- Added essential oils to help lower body temperature during times of heat stress
- Aid in digestive tract health especially in lactating SOWS
- Assists in achieving desired fill on show day
- Consists of highly palatable all natural forage, oats, rolled barley, and soy hulls
- Flavored to encourage feed intake and water consumption

Zinc, (Zn) Min.....	150.00 ppm

Feeding Recommendations

Auto Pilot can be fed as a supplement from 1-2# as part of the total daily diet or can be fed as the sole ration depending on desired rib, center body dimension and targeted average daily gain. When incorporating Auto Pilot into your feeding program, it is important to transition over a 1 to 3 day period. If wet feeding is desired, water may be added immediately prior to each feeding.

Show Pigs:

- 1-2# when supplementing as part of daily diet for added rib & center dimension or weight management
- 3-5# when fed as a total diet for weight management & center dimension
- 1-2# on show day to achieve optimal show ring fill

Lactating Sows:

- Feed 1-2# daily 2 weeks prior and 2 weeks after farrowing to prevent constipation and to increase appetite
